Penn State
Alumni Association

Non-Profit Program

Viridian's commitment to making a difference through affordable green energy extends beyond electricity service. Viridian has initiated a charitable organization program which allows you to benefit the organizations that mean the most to you.

How It Works: For every member of the organization that enrolls with Viridian, the organization will receive a monthly residual check in return. The charitable organization is merely responsible for authorizing the affiliation between the organization and Viridian Energy, while the members of the organization use greener, more affordable electricity, in addition to making a donation to the charitable organization every month simply by using energy. Everybody benefits through this affiliation!

- The local utility encourages people to switch and save
- Viridian provides a choice of 20% or 100% Renewable Wind Energy
- Save \$\$\$ on the supply portion of the bill
- No cost to switch, No Social Security number needed, No Credit Cards needed for application
- No contract/obligation. No cost to choose Viridian, no cost to switch back.
- Takes less than 5 minutes online or with paper application.
- You receive the very same bill from current utility – just pay less
- You still call your local utility for all service/billing/emergencies *see below from notice taken from a PSE&G bill
- **"In addition, PSE&G will continue to be responsible for maintaining the existing network of wires, pipes and poles that make up the delivery system, which will serve all consumers, regardless of whom they choose to purchase their electricity or natural gas from."**
